Policy Statement:

This policy it meant to establish regulations for Sunday use of Town owned facilities. Previousy, such regulations were established by bylaw.

The purpose of this policy is to:

Establish to what extent recreation facilities owned, operated, or operationally funded by the Town of Cardston may be used and staffed on Sundays.

It is the policy of the Town of Cardston that certain recreational facilities shall remain unstaffed on Sundays. The swimming pool, ice rink, ball diamonds, soccer & football fields shall normally remain closed so as not to require staff from those facilities to work. Other facilities such as the campground, reunion centre, golf course and Agridome shall be open as needed or during their respective season on Sundays.

In the case of ball diamonds, soccer & football fields; these facilities are able to be used on Sundays without any staff supervision. In the event that a party wishes to rent these grounds, a rate will be established as per the prevailing fees and charges schedule for Sunday use. The person renting the facility will be informed that there may be no staff attending to the facility which may prohibit the use of washroom, concession, lighting or other amenities of the facility.

As this is a policy of the Town Council, the Council shall have discretion to allow for exceptions to the policy via resolution of Council as deemed appropriate by the Council of the day.
